

**MINISTER
OF ECONOMIC DEVELOPMENT AND TRAINING**

Room 358
Legislative Building
Winnipeg, Manitoba R3C 0V8
CANADA

Mr. Alphonse Lawson-Hellu
President, Board of Governors
Université de Saint-Boniface

Dr. Sophie Bouffard
President
Université de Saint-Boniface

Dear Mr. Lawson-Hellu and Dr. Bouffard:

Thank you for your proposal to access the one-time Transitional Support Fund. A strong and responsive post-secondary system is essential in our recovery. The full value of the \$25.6 million fund will be distributed to help post-secondary institutions respond to the challenges and opportunities that have come from the COVID-19 pandemic.

I can confirm that Université de Saint-Boniface will be receiving \$513,100 from this fund.

Manitoba established the Transitional Support Fund to help institutions address and respond to new fiscal and labour market realities, while continuing to support positive student outcomes. Post-secondary education plays a key role in protecting Manitoba's future by addressing today's priorities.

Allocations to each institution have been provided based on the institution's demonstrated need resulting from the pandemic. Consideration was given to changes in enrolment, increased costs to provide online learning and the unique circumstance of each institution.

I look forward to continuing dialogue and collaboration with our post-secondary partners as we work together to restart our economy and ensure the success of Manitoba's students. If you have any questions please contact Melissa Ballantyne, A/Assistant Deputy Minister, Advanced Education and Skills, at Melissa.Ballantyne@gov.mb.ca.

Sincerely,

Honourable Ralph Eichler
Minister of Economic Development
and Training

- c. Tracey Maconachie, Deputy Minister of Economic Development and Training
