Minister:

I have the honour of presenting to you the Annual Report for the Department of Immigration and Multiculturalism for the fiscal year ending March 31, 2012, which includes the Annual Reports for the Manitoba Immigration Council, and the Manitoba Ethnocultural Advisory and Advocacy Council.

In 2011/12, the Department of Immigration and Multiculturalism was created to reflect the importance of immigration to the Province's Economic Growth Strategy and the values of cultural diversity enjoyed by all Manitobans. With our partners, the Department also continued to provide high-quality immigration services to help immigrants successfully settle in our province, including pre-arrival, employment, language training and community integration supports.

I would like to recognize the excellent work of all our employees who provide high quality services and the work of the external advisory councils that provide government with constructive advice.

Department of Immigration and Multiculturalism

Introduction

Report Structure

The annual report is organized in accordance with the appropriation structure that reflects the Department's authorized votes approved by the Legislative Assembly as at March 31, 2012. The report includes information at the main and sub-appropriation levels relating to the Department's objectives and actual results. Financial performance information is provided with expenditure and revenue variance explanations and a five-year adjusted historical table of departmental expenditures and staffing.

The Department of Immigration and Multiculturalism was formed in January 2012, by transferring responsibility for Immigration and the Office of the Manitoba Fairness Commissioner from the former Department of Labour and Immigration, and transferring responsibility for multiculturalism from the Department of Culture, Heritage and Tourism.

Role and Mission

The Department's overall goal is to advance Manitoba's economy and multicultural society by promoting our province as an immigration destination for all immigrants who meet our economic development needs and by supporting their successful settlement through the development of effective pre-arrival, employment, language training and social integration services.

Guiding Principles

- Serve the Manitoba public efficiently, courteously and effectively, while being accountable and responsible in the use of public funds.
- Consult with immigration stakeholders, service providing organizations, employers and other levels of government.
- Work with all levels of government, industry, and the community to increase immigration and facilitate the settlement and integration of newcomers.
- Maximize the contribution of immigration to the achievement of the social, demographic and economic goals of Manitoba.
- Develop initiatives to increase regional dispersion of immigrants according to local needs.
- Support ethnocultural organizations and promote the integration of diverse groups and individuals into the rich fabric of Manitoba.
- Assume a leadership role in promoting partnerships, innovation and change, along with our external stakeholders, including all levels of government and community groups.
- Promote responsiveness, flexibility and innovation throughout the Department.
- Empower staff and recognize that they are our most important resource.
- Pursue and implement continuous improvement strategies in services, programs and operations.

Overview of 2011/12 Achievements

The Department contributed to the arrival of 15,962 immigrants to Manitoba in 2011, an increase over 2010 and the highest level recorded since 1946.

The Department helped increase Manitoba's share of immigration to 6.4% in 2011, greater than Manitoba's proportional share (3.6%) of Canada's population in 2011.

The Manitoba Provincial Nominee Program (MPNP) increased annual nominations to over 5,000 in 2011.

MPNP landings increased to 77% of total provincial landings in 2011.

The Department launched the MPNP online electronic application system that makes it easier for prospective immigrants to submit complete and eligible applications.

The Department supported community and employer involvement in the recruitment of skilled workers through the MPNP with strategies such as the Winkler/Stanley Initiative.

The Department supported the integration of newcomers to Manitoba and continued to administer the Manitoba Immigrant Integration Program, which allocated federal and provincial funds to over 105 service providers to deliver pre- and post-arrival settlement and labour market orientation, employment readiness, job matching, adult language training and social integration services to immigrant newcomers.

Almost 13,000 immigrants received Adult English as an Additional Language classes in 2011/2012.

The Department expanded Manitoba Start to provide centralized intake, employment readiness and job matching services for recently arrived immigrants.

The Department opened a new immigration settlement hub in Brandon and funded new settlement offices in Cartwright and Grandview.

The Department developed a new project to provide case management, enhanced settlement supports and service coordination for higher needs refugees, soon after arrival.

The Department contributed to Manitoba's immigrants having the second lowest unemployment rate in Canada in 2011 and also contributed to the fact that 85% of provincial nominees were working after three months, 89% had permanent jobs and 76% were homeowners after 3 to 5 years.

In 2011, the Manitoba Fairness Commissioner submitted her first report on the implementation and effectiveness of *The Fair Registration Practices in Regulated Professions Act* (Act) that outlines the many activities and accomplishments of the Office for the first two years of operation.

The Department co-chaired the Pan-Canadian Foreign Qualifications Recognition Working Group, which is working to improve the recognition of qualifications for internationally trained immigrants in 14 regulated occupations.

The Department continued to assist employers who register under *The Worker Recruitment and Protection Act* (WRAPA) in the ethical recruitment of immigrant workers.

The Department coordinated an interdepartmental Growth Strategy to deliver inclusive programming to support newcomer integration.

The Department continued to fulfill the obligations of *The Multiculturalism Act* and undertook several initiatives that foster pride in our diversity and promote equality of opportunity and partnerships among communities. In 2011/2012, Manitoba's Ethnocultural Community Support Program distributed a total of \$207.5 in cash and \$306.9 in bingos (through the Manitoba Lotteries Corporation) to support heritage and cross-cultural programming by communities.

Aperçu des réalisations pour l'exercice 2011 - 2011

Le ministère a contribué à l'arrivée de 15,962 immigrants au Manitoba en 2011, une augmentation par rapport à 2010 et le niveau le plus élevé enregistré depuis 1946.

Le ministère a aidé à augmenter à 6,4% la part manitobaine du nombre total d'immigrants admis au pays en 2011. Ce nombre est plus élevé que la part proportionnelle du Manitoba de la population canadienne en 2011 (3,6%).

En 2011, le programme Candidats du Manitoba a augmenté à plus de 5,000 le nombre de candidats admis annuellement au programme.

En 2011, le Manitoba a reçu 77% des arrivants issus des Programmes des candidats des provinces.

Le ministère a lancé le système de soumission des demandes en ligne du programme Candidats du Manitoba pour permettre aux immigrants potentiels de soumettre plus facilement des demandes complètes et admissibles.

Le ministère a appuyé la participation des collectivités et des employeurs au recrutement de travailleurs qualifiés dans le cadre du programme Candidats du Manitoba, grâce à des stratégies comme l'initiative Winkler/Stanley.

Le ministère a appuyé l'intégration des nouveaux arrivants s'établissant au Manitoba et a continué d'administrer le Programme manitobain d'intégration des immigrants. Ce programme a fourni un financement fédéral et provincial à plus de 105 fournisseurs de services afin d'organiser des séances d'information sur l'établissement des immigrants et le marché du travail, avant et après leur arrivée, et de fournir aux nouveaux immigrants des services de préparation à l'emploi, d'appariement des emplois, de formation linguistique à l'intention des adultes et d'intégration sociale.

Environ 13,000 immigrants ont bénéficié de cours d'anglais langue additionnelle pour adultes en 2011/2012.

Le ministère a élargi la portée du service Manitoba START, qui fournit aux nouveaux arrivants des services de réception centralisée, de préparation à l'emploi et de jumelage emploi-travailleur.

Le ministère a ouvert un nouveau centre d'établissement des immigrants à Brandon et a financé d'autres centres semblables à Cartwright et à Grandview.

Le ministère a mis sur pied un nouveau projet pour fournir des services de gestion de cas, de meilleurs soutiens en matière d'établissement et une meilleure coordination de services pour les réfugiés ayant des besoins plus élevés, et ce, peu de temps après leur arrivée.

Le ministère a contribué à la réussite des immigrants au Manitoba car, en 2011, le taux de chômage des immigrants arrivait au deuxième rang des taux de chômage les plus bas du pays et, concernant les candidats du Manitoba, 85% ont obtenu un emploi après trois mois, 89% ont eu un poste permanent et 76% sont devenus propriétaires d'une maison environ 3 ou 5 ans après leur arrivée.

En 2011, le commissaire à l'équité du Manitoba a présenté son premier rapport sur la mise en œuvre et l'efficacité de la *Loi sur les pratiques d'inscription équitables dans les professions réglementées* qui donne un aperçu des nombreuses activités et réussites du bureau au cours des deux premières années de son existence.

Le ministère a co-présidé le Pan-Canadian Foreign Qualifications Recognition Working Group (groupe de travail pancanadien sur la reconnaissance des compétences acquises à l'étranger), qui travaille en vue d'améliorer la reconnaissance des qualifications des immigrants formés à l'étranger dans 14 professions réglementées.

Le ministère a continué d'aider les employeurs qui s'inscrivent en vertu de la *Loi sur le recrutement et la protection des travailleurs* afin de recruter des travailleurs de façon éthique.

Le ministère a coordonné une stratégie de croissance interministérielle afin d'offrir des programmes inclusifs pour appuyer l'intégration des nouveaux arrivants.

Le ministère a continué de respecter les obligations de la *Loi sur le multiculturalisme* et a entrepris plusieurs initiatives qui contribuent à favoriser un sentiment de fierté par rapport à notre diversité et à promouvoir l'égalité des chances et des partenariats entre les collectivités. En 2011 - 2012, le Programme de soutien aux communautés ethnoculturelles du Manitoba a distribué des subventions totalisant 207,500\$ en espèces et 306,900\$ de bingos (par le biais de la Corporation manitobaine des loteries) afin d'appuyer la prestation de programmes interculturels et relatifs au patrimoine dans les collectivités.

 new immigrants were identified and recommendations were made to the Minister in MEAAC's semiannual report. MEAAC also began a process to meet with other service providers to identify problems
 and review issues facing newcomers and suggest measures, which could facilitate the hiring of new
 immigrants based on their prior job experience; and

Manitoba Immigration Council

The Manitoba Immigration Council (MIC) was created in June 2004 by *The Manitoba Immigration Council Act*. The *Act* provides for the appointment of a 12-member commission with representation from business, labour, regional, educational and multicultural sectors.

The objective of the Manitoba Immigration Council is to provide the Minister with information and advice regarding measures to attract immigrants, services for new immigrants, and initiatives that should be developed and promoted by government and others to ensure that immigrants remain in Manitoba.

The current Council was appointed in April 2011 for a 3-year term of 2011 - 2014.

Summary of Performance

In 2011/12, the Manitoba Immigration Council:

- met four times on May 11, June 23, September 27, and November 3, 2011;
- participated in discussions regarding the development of a micro loan program for skilled immigrants needing financial assistance to complete qualifications recognition processes. The Council provided recommendations to the Department on the appropriate strategy to proceed with a model for Manitoba, paying particular attention to private sector involvement; and
- participated in the provincial Immigration Summit in June 2011. The Summit included a panel discussion
 and working group sessions on various topics including settlement and qualifications recognition;
 economic benefits, business and labour market outcomes for immigrants; settlement, language and
 integration; refugee resettlement; and immigration levels and the federal cap on provincial nominee
 programs.

Department of Immigration and Multiculturalism Performance Reporting: Measures of Performance or Progress

The following section provides information on key performance measures for the department for the 2011/12 reporting year.

Performance indicators in departmental Annual Reports are intended to complement financial results and provide Manitobans with meaningful and useful information about government activities, and their impact on the province and its citizens.

1. Manitoba's success in attracting immigrants, by measuring annual immigrant landings.	Immigration is a key component of our government's approach to labour market and economic development, and is integral to Manitoba's population growth and prosperity.	The baseline measurement is from 1998, when Manitoba received 3,014 immigrants and assumed responsibility to attract and nominate immigrants through the Manitoba Provincial Nominee Program (MPNP).	Manitoba received 15,962 landings in 2011.	From 1998 to 2011, the number of immigrants to Manitoba increased more than five-fold, from 3,014 to 15,962.	Total immigration in 2011 was the highest recorded since 1946. The majority of Manitoba's immigration comes through the MPNP, under which the province nominates applicants for Permanent Resident Status based on the likelihood of them settling successfully as skilled workers or entrepreneurs. In 2011, the MPNP accounted for 77% of Manitoba's arrivals. MPNP landings have increased eight-fold since 2002 and Manitoba receives the largest share (32.1%) of all PNP landings in Canada.

In 2011, 18% of Provincial Nominees settled outside of Winnipeg, with Brandon, Winkler, and Steinbach being the top regional destinations.

Meeting future targets relies on cooperation by the federal government, which has responsibility through The Immigration and Refugee Protection Act for setting immigration levels for Canada in consultation with provinces and for the final selection of the immigrants that land in Manitoba. Through the Canada-Manitoba Immigration Agreement, Manitoba has a role in determining provincial nominees, while Canada retains statutory responsibilities such as medical, criminal checks and visa issuance.

2.The labour market success of immigrants to Manitoba by measuring labour force indicators.	One of our program goals is to increase labour market success for new immigrants so that they can continue to meet the labour needs of Manitoba employers.	The baseline measurement is from 2006, the first year that detailed figures are available.	A labour force report shows that Manitoba's 'Very Recent' immigrants had the second highest participation and employment rates in Canada in 2011 and both rates were well above the national rates for very recent immigrants. Manitoba's 'Recent' immigrant population had the second lowest unemployment rate in 2011 among all jurisdictions and below Canada's rate for recent immigrants.	Over the last five years, there have been dramatic increases in the 'Very Recent' Immigrant working age population (+61%), labour force (+77%) and employed labour force (+74%), while the participation and employment rate have shown an increasing trend over the period.	Manitoba has developed prearrival initiatives for Provincial Nominees destined to Manitoba so that they can begin planning for labour market success prior to arriving to Manitoba. Manitoba Start has been expanded to provide job matching services that connect job ready newcomers to employers' hiring needs. 3. Manitoba's success in providing settlement services that immigrants throughout the province access.	To demonstrate that newcomers are accessing and benefiting from services. Services and supports contribute to newcomers staying in the province.		Over 9,000 clients were served by General Settlement agencies. An additional 4,000 clients received these services from regional settlement service providers outside of Winnipeg. Over 4,000 clients were served by Neighbourhood Immigrant Settlement Workers. Over 1,900 clients were served by Youthfocussed projects.	Projects funded by the Manitoba Immigrant Integration Program (MIIP) continue to have increased participation.	Integration Services works to ensure that all funded programs provide relevant services that are accessible, targeted, and often specialized to meet the specific needs of higher need populations. Settlement services are funded in regions outside of Winnipeg to ensure the needs of newcomers settling outside of Winnipeg are met locally.

			Over 4,700 clients were enrolled in specialized programs. Over 1,000 clients received services delivered by service		
			providers working in the Family and Specialized Services priority area.		
4. Manitoba's success in providing immigrants with English language (EAL) training so that they can integrate successfully into Canadian society	Most newly- arrived immigrants to the Province are in need of language training so that they can pursue their personal and employment goals.	Most immigrants in the Province of Manitoba have access to Assessment and referral centres (in Winnipeg, this is WELARC). Clients are provided with an initial assessment of their English language abilities using the CLBPT (Canadian Language Benchmark Placement Test). These clients are then referred to language training programs where EAL (English as an additional language)	Over the course of the 2011 – 2012 fiscal year, almost 13,000 clients attended English language programs offered through MIIP funding. Those learners in full-time programming were provided with 2 individualized progress reports, while part-time learners were provided with one. Those students who completed a course of study showed significant improvement in their English language ability. The majority of students also reported their satisfaction with the instruction they received.	As the number of new immigrants to the Province of Manitoba has increased, so has the number of learners in adult EAL programs. In 2010 – 2011, the number of seats provided in all MIIP-funded programs combined were triple the number provided in 2007 – 2008.	The need for EAL services for newly-arrived immigrants to the Province of Manitoba will only increase in the coming years. Although the coordination of some of these services will fall to the Citizenship and Immigration Canada (CIC) beginning in 2013 - 2014, Manitoba Immigration and Multiculturalism will continue to coordinate some language training services, in addition to planning services for those clients not served under agreement with the CIC (e.g., Temporary Foreign Workers and Canadian citizens).

		professionals later provide them with progress reports, also based on the Canadian Language Benchmarks. Students are also asked to respond to end-of-course surveys to determine if the training they receive meets their stated goals.			

The Public Interest Disclosure (Whistleblower Protection) Act

The Public Interest Disclosure (Whistleblower Protection) Act came into effect in April 2007. This law gives employees a clear process for disclosing concerns about significant and serious matters (wrongdoing) in the Manitoba public service, and strengthens protection from reprisal. The Act builds on protections already in place under other statutes, as well as collective bargaining rights, policies, practices and processes in the Manitoba public service.

Wrongdoing under the *Act* may be: contravention of federal or provincial legislation; an act or omission that endangers public safety, public health or the environment; gross mismanagement; or, knowingly directing or counselling a person to commit a wrongdoing. The *Act* is not intended to deal with routine operational or administrative matters.

A disclosure made by an employee in good faith, in accordance with the *Act*, and with a reasonable belief that wrongdoing has been or is about to be committed is considered to be a disclosure under the *Act*, whether or not the subject matter constitutes wrongdoing. All disclosures receive careful and thorough review to determine if action is required under the *Act*, and must be reported in a department's annual report in accordance with Section 18 of the *Act*.

The following is a summary of disclosures received by Manitoba Immigration and Multiculturalism for fiscal year 2011 – 2012:
